

MY HOME DESIGN PROJECT

Scandinavian Halloween

A Step-by-Step Guide to
Cozy Fall Decorating

Natural. Cozy. Mysterious.

Ramona Krenn

KREATIVES RAUMDESIGN

Scandinavian Halloween

Your project concept: Natural. Cozy. Mysterious.

Ramona Krenn · Creative Interior Design

This project plan combines Scandinavian coziness with atmospheric Halloween décor. Light-colored natural materials, uncluttered surfaces, and warm lighting form the foundation. Pumpkins, black bats, a friendly ghost, and a touch of strategically placed spiderwebbing create the seasonal mood.

The concept is designed for a multi-room home; you can adopt ideas for individual rooms. Existing furniture remains the base, while the transformation is achieved through décor, textiles, and lighting.

— MY HOME DESIGN PROJECT —

Scandinavian Halloween

1 • Project Brief & Goal

Natural. Cozy. Mysterious.

An inviting home by October 31

Ramona Krenn • Kreatives Raumdesign

Project mandate and objective

Project Goal: Implement a cohesive Halloween theme by October 31st that feels natural during the day and cozy in the evening.

Key Areas: Entrance/hallway, living room, and dining area. Additional rooms will only be addressed once these three areas are complete.
Outcome: Three fully styled key areas, a coordinated selection of colors and materials, a documented shopping list, and photos taken in both daylight and evening light.

Estimated Effort: Approximately 8–12 hours of work for the key areas, spread over several days. Additional rooms and elaborate DIY projects will require more time.

Your Project Overview

Planning item	Your notes
Rooms to decorate	_____
Existing main colors	_____
My main focal point	_____
Total spending limit	\$ _____
Decorations already available	_____
Start date / completion date	_____ / _____
Person responsible for shopping, setup, and photos	_____

2 · Color & Material Concept

Light Natural Tones · Warm Accents · Black Details

Color and material concept

The color proportions serve as a guide to the overall impression of the designed areas, not as purchasing quantities.

Proportion	Color palette	Where to use it
About 60%	Warm white, cream, light beige	Existing walls, furniture, larger textiles
About 30%	Natural wood, sand, taupe, muted pumpkin orange	Baskets, linen, pumpkins, branches
About 10%	Black and charcoal	Bats, individual candleholders, small details

Materials: Light wood, linen, cotton, wool, paper, matte ceramics, and glass. Make use of existing baskets and vases.

Styling rule: Create one main arrangement per focal area, accompanied by one or two smaller, repeating accents. Leave open spaces in between. Orange serves as an accent color, while black details define the outlines of the Halloween motifs.

For dark Scandinavian interiors: Incorporate existing charcoal tones and dark wood. Cream-colored pumpkins, light-colored textiles, and lighting create striking accents.

3 · Preparation

Take Inventory & Choose Display Areas

1.

Gather
Existing Decor

2.

Clear Display
Surfaces

3.

List Missing
Items

Preparation: Check inventory and select areas

- 1. Photograph the key areas in daylight.
- 2. Clear the surfaces you intend to decorate.
- 3. Gather any pumpkins, vases, baskets, blankets, candle holders, and LED lights you already have.
- 4. Sort items into categories: "use," "supplement," and "save for later."
- 5. Determine your color palette and put together a small trial arrangement.
- 6. Measure the designated display areas. Check doors, access to cabinets, and traffic paths.
- 7. List only the missing items on your shopping list.

Final decision: Which three focal points will you create, and which existing items can be used for them?

Notes:

Scandinavian Halloween

4 • Room Plan

Entryway

Living Room

Dining Area

Three Areas. One Cohesive Concept.

Ramona Krenn • Kreatives Raumdesign

Floor plan

Area	Decorating idea	Practical step
Front entrance	Pumpkin grouping, lantern, simple twig wreath	Place three pumpkins of different sizes beside a lantern; keep access clear
Entryway	Light ceramics, branches, black bats	Style a console table and attach a small group of bats above it
Living room	Cozy textiles and warm lighting	Use an existing throw; group pumpkins and LED candles on a tray
Dining room	Simple centerpiece in natural tones	Arrange a linen runner, small pumpkins, and low lights; leave room for dishes
Kitchen	A small seasonal accent	Place a bowl of mini pumpkins on an available windowsill
Home office	A subtle Halloween detail	Add a small vase with branches and a paper decoration to a shelf
Child’s room	Friendly ghosts and paper pumpkins	Make a paper garland together and hang it in an age-appropriate way
Bedroom	A gentle fall atmosphere	Combine cream-colored textiles with a small pumpkin on a dresser
Dressing room	One focal point	Place a matte vase or pumpkin on an available shelf
Bathroom	Natural tones and soft lighting	Coordinate towels and add a decorative accent suitable for damp conditions
Home gym	A small grouping outside the workout area	Style a shelf; keep movement space and equipment access completely clear
Patio	Lanterns and sturdy pumpkins	Decorate a sheltered corner and use lighting rated for outdoor use

Three arrangements you can recreate right away

A. The inviting entrance

Arrange one large and two smaller pumpkins in a casual grouping. Add an LED light to an existing lantern. A simple wreath made of twigs echoes the natural materials. If there is a sheltered wall area, place a few black paper bats there.

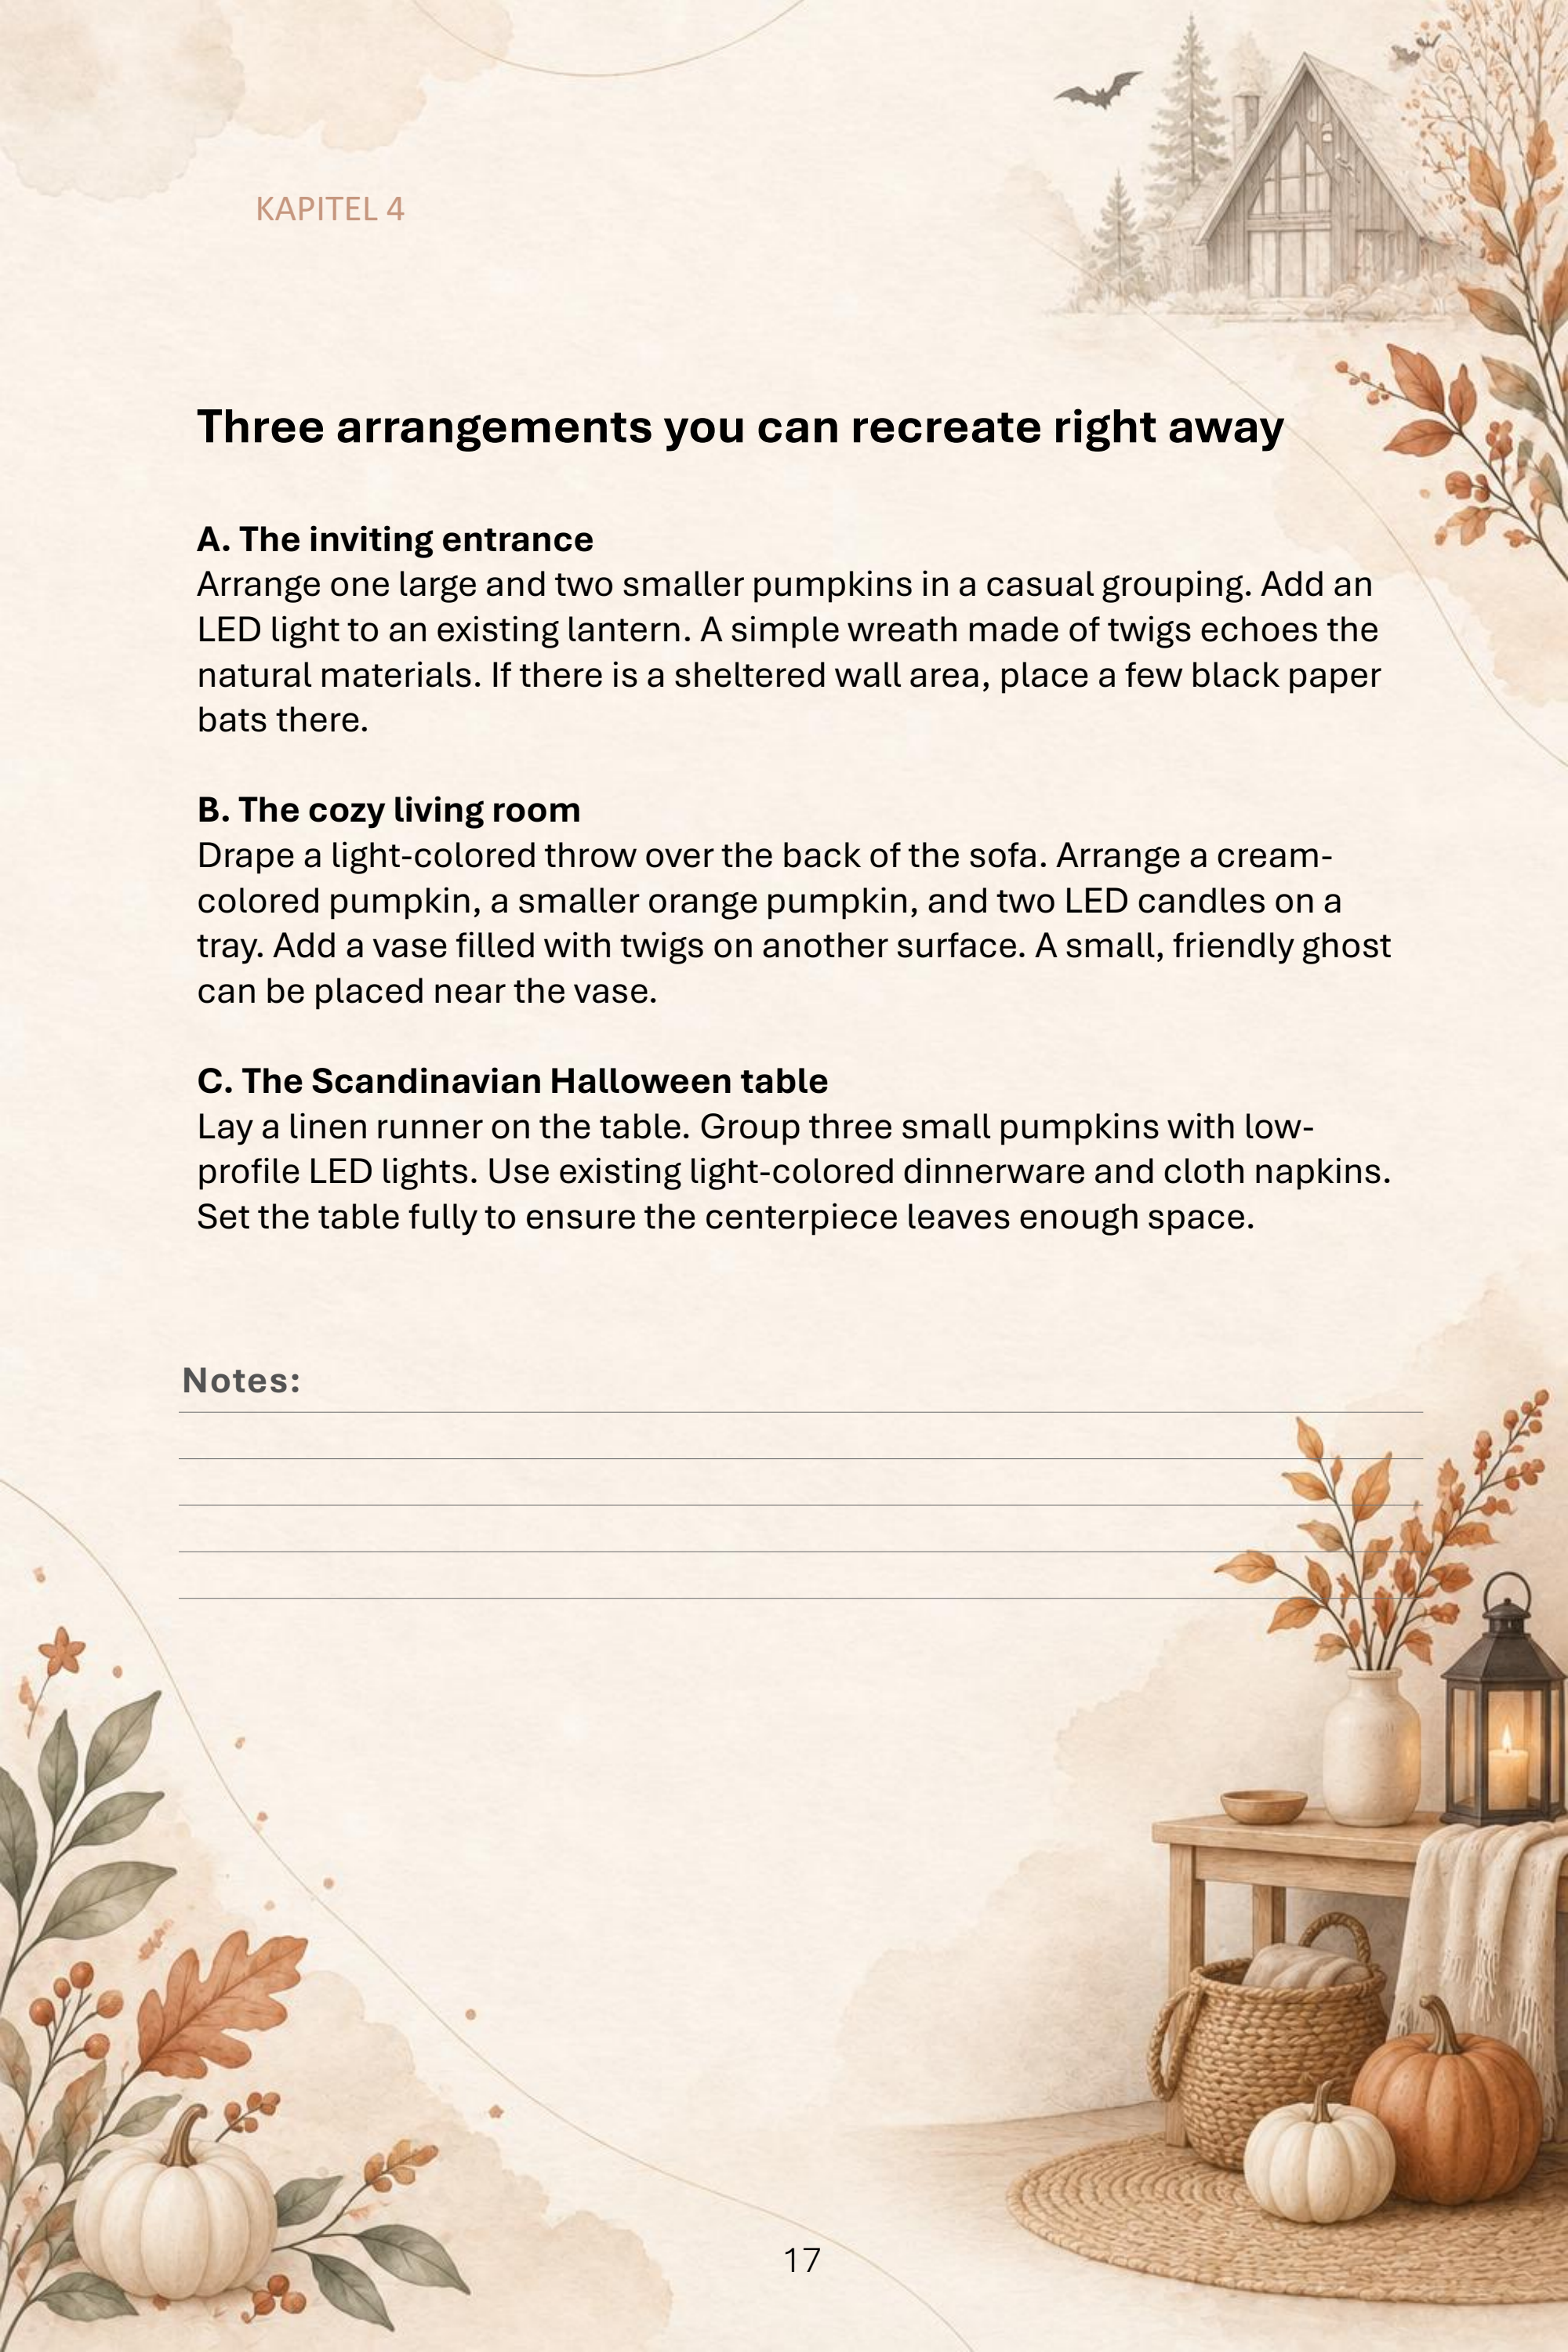

B. The cozy living room

Drape a light-colored throw over the back of the sofa. Arrange a cream-colored pumpkin, a smaller orange pumpkin, and two LED candles on a tray. Add a vase filled with twigs on another surface. A small, friendly ghost can be placed near the vase.

C. The Scandinavian Halloween table

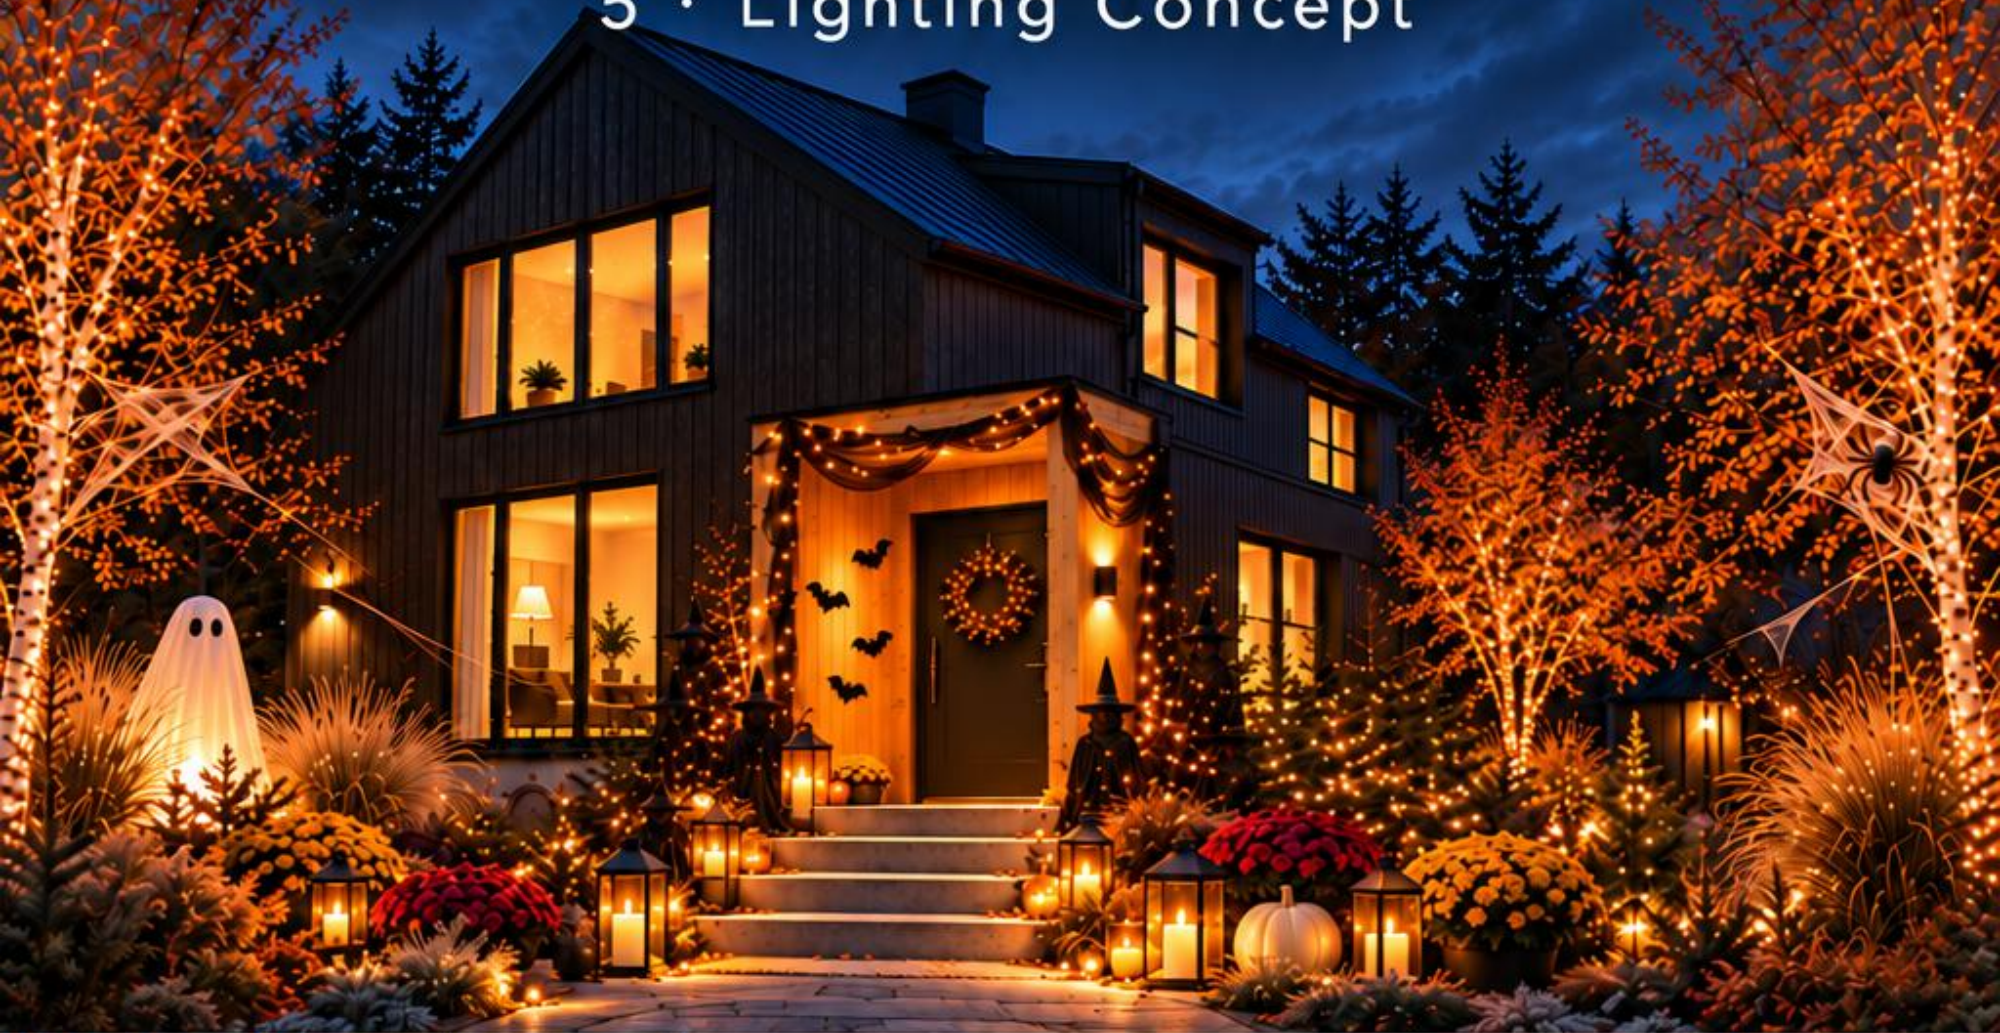

Lay a linen runner on the table. Group three small pumpkins with low-profile LED lights. Use existing light-colored dinnerware and cloth napkins. Set the table fully to ensure the centerpiece leaves enough space.

5 · Lighting Concept

Entryway

Living Room

Dining Area

Warm Lighting for Cozy Evenings

Light Fixtures · LED Candles · String Lights

Ramona Krenn · Kreatives Raumdesign

Lighting concept

Use existing table and floor lamps as a base. Add warm-white LED candles in the three key areas. A string of lights can highlight a wreath or branches. Turn on all the planned light sources for an evening test run. Check that faces at the dining area remain clearly visible and that walkways are easy to see. If an arrangement seems too dark, add an existing lamp nearby. Use LED lights for paper, fabric, and dried branches. Outdoor lighting must be suitable for its intended use. Test any fasteners on an inconspicuous spot first.

6 • Shopping & Budget

Sample Budget: \$150

Your spending limit — not item prices

Pumpkins & Natural Decor	\$35
LED-Lighting & Batteries	\$40
Craft Supplies	\$15
Textiles & Accessories	\$35
Contingency Fund	\$25

Use what you have. Buy only what you need.

Ramona Krenn • Kreatives Raumdesign

Purchasing and Budget

Example of a self-imposed spending limit: \$150. These amounts are budget caps, not researched market prices. Enter offers or actual costs and adjust the quantities to match your inventory.

Category	Spending limit
Pumpkins and natural decorations	\$35
LED lighting and required batteries	\$40
Paper and craft supplies	\$15
Additional textiles or small accessories	\$35
Contingency	\$25
Total	\$150

Shopping order: Add missing light sources and pumpkins first. Select textiles and accessories only after the main arrangements are set up. If the list exceeds your budget, cut additional room decorations before the core elements.

Notes:

List of requirements for the three core areas

Item	Starting quantity	Already owned	Still needed	Actual cost
Larger pumpkins for the entrance	3	_____	_____	\$_____
Small pumpkins for the table and living room	5–7	_____	_____	\$_____
LED candles or LED tealights	6–8	_____	_____	\$_____
Lantern for the entrance	1	_____	_____	\$_____
Tray	1	_____	_____	\$_____
Vase with branches	1–2	_____	_____	\$_____
Table runner or suitable cloth you already own	1	_____	_____	\$_____
Black and white craft paper	As needed	_____	_____	\$_____
Suitable mounting supplies and batteries	As needed	_____	_____	\$_____

7 • DIY Ideas

Paper Bats

Friendly Ghost

Natural Pumpkin Tray

Easy to Make. Naturally Styled.

Ramona Krenn • Kreatives Raumdesign

Three simple DIY ideas

Paper bats: Draw half a bat shape on folded black paper, cut it out, and unfold it. Make several in different sizes. Arrange them as a small, ascending group above the console table.

Friendly paper ghost: Cut a rounded ghost shape out of white paper and draw on two small eyes. Attach it to a branch with a piece of string. Keep it away from lights and heat sources.

Natural pumpkin tray: Use an existing wooden tray. Place one light-colored and one orange pumpkin on it, then add LED candles and a few twigs. Leave part of the tray visible.

Notes:

Scandinavian Halloween

8 • Countdown to Halloween

Step by Step to October 31

October 5–11

Take inventory & finalize the concept

October 12–18

Shop & prepare DIY projects

October 19–25

Decorate the three main areas

October 26–29

Add finishing touches & test lighting

October 30

Final check

October 31

Turn on the lights & enjoy Halloween

Well Planned. Stress-Free Setup.
Ramona Krenn • Kreatives Raumdesign

Schedule leading up to Halloween

Dates in 2026	Task	Result
October 5–11	Review existing items, choose rooms, and set the palette and spending limit	Project overview and supply list completed
October 12–18	Buy missing items and make paper decorations	Materials and decorations ready
October 19–25	Decorate the entrance, living room, and dining area	Three core areas complete
October 26–29	Add other rooms; test in daylight and in the evening	A cohesive overall look
October 30	Check pumpkins, batteries, mounting supplies, and walkways	Decorations ready for Halloween
October 31	Turn on the lights and add the final table details	Finished Halloween atmosphere
November 1–3	Take down and sort seasonal decorations	Reusable decorations stored

Quick version: a weekend project

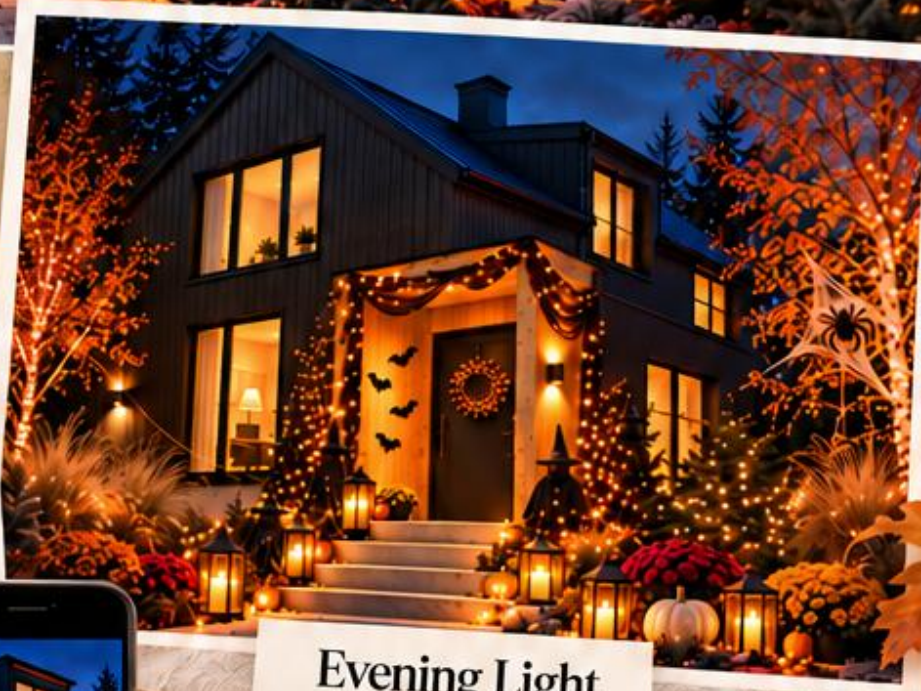

Saturday morning: Check inventory, clear display areas, and determine requirements. **Saturday afternoon:** Acquire missing items and craft paper motifs. **Sunday morning:** Set up the three core areas. **Sunday evening:** Test lighting, declutter overcrowded spots, and take photos.

Scandinavian Halloween

9 • Photos for Social Media

Daylight

Evening Light

Details

Wide Shots • Details • Before & After

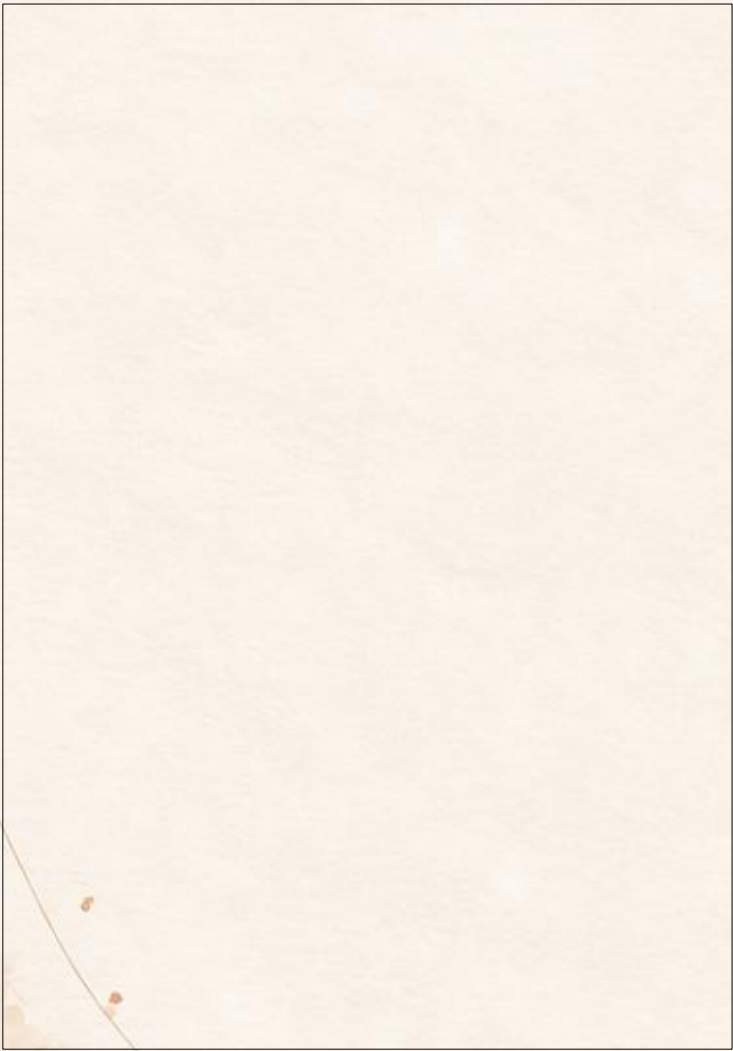

Tell Your Home Design Story Through Photos

Ramona Krenn • Kreatives Raumdesign

Photos for your social media content

Photograph each key area once as a full shot and once as a close-up. Include a before-and-after pair and a photo of the materials. For Pinterest, compose your shots vertically with a 2:3 aspect ratio; for short videos, you can capture the setup process and the transition from daylight to evening light.

Possible themes: "My Scandinavian Halloween entryway," "A table setting in natural tones," "Cozy Halloween with warm lighting," and "Creating a new arrangement from existing decor."

Scandinavian Halloween

10 • Final Checklist

Ready for Halloween?

- ☒ Three main areas completed
- ☒ Colors & materials coordinated
- ☒ Doorways & walkways clear
- ☒ Lighting tested
- ☒ Budget reviewed
- ☒ Photos taken

Natural. Cozy. Mysterious.

Ramona Krenn • Kreatives Raumdesign

Final check

- The entryway, living room, and dining area are fully arranged.
- The chosen colors and materials are repeated throughout.
- The main arrangements are clearly defined, while open spaces are preserved.
- Tables and work surfaces remain usable.
- Doors, cabinets, and walkways remain unobstructed.
- Paper and textiles are kept away from heat sources.
- Children's room decorations are placed at an age-appropriate height.
- Outdoor lighting and decorations are suitable for the location.
- The evening test has been completed.
- The spending limit has been verified.
- Photos have been taken in both daylight and the evening.

After Halloween

Remove bats, ghosts, and spiderwebs. Light-colored textiles, baskets, branches, and warm lighting can remain as part of your autumn décor. Check natural decorations for damage and store reusable items in a dry, labeled place.

My key takeaway: _____

What I want to reuse next year: _____

What I'll leave out next time: _____
